ABOUT BAD MESA

Bad Mesa is a Texas country band based in the Fort Worth area, led by singer-songwriter Cory Michael. Their songs come from miles traveled, people met, and lessons that didn't always come easy. Love and the lack of it run through their music, with stories about holding on, letting go, and living with what comes next.

At the heart of Bad Mesa is a simple idea: a good song gives you something to recognize yourself in. Drawing from Cory's own experiences, the band brings those stories to life with the grit and warmth of Texas country.
